

Municipal Regional Stormwater Permit Provision C.3.j.

Green Infrastructure Planning and Implementation

A free workshop for public works directors, city engineers, planning directors, capital improvement program staff, and all municipal planners and engineers

Wednesday, September 26, 2018

8:15 AM - 3:30 PM

Morning refreshments and lunch will be provided

Shadelands Arts Center ♦ 111 N. Wiget Lane, Walnut Creek

Topics will include:

- ♦ Planning, design, and construction of Green Infrastructure projects
- ♦ Reviewing capital improvement projects for Green Infrastructure potential
- ♦ Barriers to, and strategies for, integrating Green Infrastructure into capital projects
- ♦ What goes into a Green Infrastructure Plan? (due Sept. 2019)
- ♦ Mechanism to locate, map, and prioritize areas for Green Infrastructure
- ♦ Development/Redevelopment Projections for 2020, 2030, and 2040
- ♦ Maintenance and Adaptive Management
- ♦ Green Infrastructure, Pollutant Load Reductions, and Reasonable Assurance Analysis
- ♦ Funding and Alternative Compliance for Provision C.3
