

PUBLIC MEETING

TUESDAY FEBRUARY 4, 7PM

Join SPAWNERS for this special talk from the California Urban Streams Partnership (CUSP) on their Streamside Management Program for Landowners, which provides free advice about creek care, restoration, and maintenance for Contra Costa County residents. CUSP visits homes and properties to help identify what is causing problems, and works with the property owner to create a plan to resolve the issues.

El Sobrante Library Meeting Room, 4191 Appian Way, El Sobrante
